PROJECTS

Coding Corgi's | Repo: <https://bit.ly/3boaK47> | Link: <https://coding-corgis.herokuapp.com/>

- React E-Commerce App that caters to those in need of project-based coding services. All Coders offering services would be graduates of the Trilogy Bootcamps.
- Responsible for all front-end polishing and most page building. Heavily involved in making everything cohesive and giving it the best functionality with the Ant Design component library.
- Tools / Languages used: ReactJS, Ant Design, MongoDB/Mongoose, Passport

Streamer | Repo: <https://bit.ly/2ReKamG> | Link: <https://bit.ly/2UHqLNk>

- Password protected application that allows users to search for films or tv shows and save them to their watching, to watch, or have watched lists. Makes use of server-side and third-party APIs.
- Responsibilities changed throughout the project but primarily in charge of communicating with the APIs and sending the information needed between the APIs and our own DB.
- Tools/Languages Used: MySQL, Owl Carousel, Granim JS, Chart JS, Materialize

Employee Directory | Repo: <https://bit.ly/3dDFPlw> | Link: <https://bit.ly/2YSNM2j>

- React application that allows the user to search a fake directory of employees generated with the Random User API. The list dynamically narrows as the user types in the search bar.
- Tools/Languages Used: ReactJS, API, Bootstrap

EXPERIENCE

2018

EFL Teacher
PRIME LANGUAGE INSTITUTE
Seoul, South Korea

Teacher of English as a foreign language with an emphasis on conversational skills (Speaking) in South Korea. Taught ages 10-16 in 10 different classes at a private academy.

- Supplemented formal curriculum with additional learning activities that facilitated better speaking skills all with no formal training.
- Took a 15 year-olds class that was speaking 100% Korean in our class when I started with them to speaking at least 70% English in class within one semester.

2017 - 2018

Junior Graphic Designer
COSMOPROF INC.
Denton, TX

Beauty Systems Group is a company under Sally Beauty Holdings with 1.3 billion in annual revenue. Member of the Shows & Education team. In charge of numerous on-site materials for all beauty shows as well as hundreds of flyers for classes held at all locations across North America.

- Recognized by upper-level management for great efficiency, accuracy, and quick turnaround time, as I was known for taking very large amounts of information and synthesizing it in a concise and visually appealing way.
- Requested by the Education team often for multiple large projects because of my known quick turnaround time and accuracy, for example one project over the winter holiday required myself and a partner to create 1000 flyers in one week.

2016

Senior Page Editor
THE LASSO
Denton, TX

Responsible for arranging content for the weekly print editions of the University newspaper. Typically in charge of the front page and other vital or difficult pages such as News or Community.

- Overhauled paper's design resulting in 30% increased readership. The design is still being used as of 2020.
- Laid out a vast majority of the pages each week to ensure all deadlines were met.

2015 - 2016

Social Media Editor & Graphic Designer
THE LASSO
Denton, TX

Responsible for all social media platforms and the website that used Wordpress. Created a variety of designs for nearly every part of the newspaper and website.

- Performed a complete redesign of the website to be more engaging and aesthetically pleasing resulting in 3 awards from the Texas Intercollegiate Press Association for community engagement and interactivity (see Awards section here: <https://ambbernina.github.io/portfolio/>)
- Due to my redesign of the website and all our social media platforms, the community traffic
- and engagement increased by 100% across all our web platforms.
- Created 2-6 graphics per print edition, typically assigned the day we went to press, giving me only 1-3 hours to create them; never missed a deadline.
- Known as the best proofreader for final copy and often the last set of eyes before pages would be approved for press.
- Requested to write Staff Picks and opinion pieces when needed.

EDUCATION

University of Denver | Certificate, Full-Stack Web Development | April 2020

Gained knowledge of and experience in various coding languages and frameworks including React, HTML5/ CSS, Javascript, Bootstrap, Materialize, Moment.js, APIs, Node.js, MySQL, Express, JQuery, and more.

Texas Woman's University | Bachelor of Fine Arts, Graphic Design | May 2017

Gained a foundation in all areas of art with a concentration in Graphic Design. Gained a great deal of experience with project-learning and working in teams.
